## NO CAUSE FOR BEING LOST

## By N.E.A. Service

SAN ANTONIO, Tex., May 5.—Ballplayers hereafter will have no cause for being lost, whether they meet storm or disaster. Radio broadcasting stations will watch them closely.

This assurance comes out of here, where preparations are being made for the start of the national ball game on the afternoon of April 27.

At least one of the ballplayers will be equipped with a radio receiving set, which will get regular reports of its position from WTAM, Cleveland. It is the thirteenth year that the pilots will drop messages identifying their location.

These will be relayed to WTAM, and WTAM in turn will broadcast the place and time of the message. So the pilots will learn, within a few minutes, what city they passed over.

And listeners, eager to learn of the ballplayers' progress, may tune in on WTAM and other broadcasting stations for their latest reports.

## REST ARE FADS

## FOR DX WORK

## By ISRAEL KLEIN

## N.E.A. Service Radio Editor

## NEW YORK, May 5.—Radio fans are

## doubtless with the simple one-time re-

## ceiving set need go no further.

## Prof. John H. Morecroft, head of the

## department of electrical engineering at

## Columbia university, president of the

## Institute of Radio Engineers and

## pioneer in this science, gives them en-

## couragement.

## "Long distance reception is what

## everyone is seeking just now," he says.

## "But that stage will soon be down."

## Broadcasting will resolve itself into

## more centralized control and local re-

## ception will be the final outcome."

## Which means that the complicated

## extra super-super receiver is only a

## fad, Morecroft says.

## "Most of these new sets you read

## about today are only adaptations and

## combinations of the three or four

## fundamental circuits in radio engineer-

## ing," he points out. "Their only good

## thing is the convenience of long distance

## reception and in handling of a large

## amount of electrical energy, as in New

## York, for instance, where radio may be

## used for about a mile."

## That when broadcasting becomes

## localized, a small, simple one-tube set

## will be just as good, and much cheaper

## and easier to control."

## Centralization Ahead

## Morecroft is quite confident in his

## prediction of localized broadcasting. It

## will come about, he says, by a gradual

## diminution of the number of stations

## now broadcasting and centralization of

## these that remain.

## "Then we shall get better broadcast-

## ing," he predicts. "The centralization of

## stations may ultimately mean govern-

## ment control, with one outstanding

## station sending out a program to all

## the others, from which local fans will

## receive them."

## "Local receiving sets under such con-

## ditions need be constructed for recep-

## tion of about 100 miles on the average.

## They can't help but make them simpler

## and cheaper, when the same program

## will be sent out all over the country at

## the same time. There will be no more

## need for getting DX."

## There is an opportunity, for, wired

## radio, Morecroft adds, but it will be

## more limited than the localized form

## of broadcasting, he predicts.

## "Wired radio probably is coming, but

## it can be only a limited use for it.

## Where there is an underground net-

## work of electric wires, as in New

## ONE BAND WAGON THAT'S CROWDED

## GERMANS BACK FOR REPARATION UP GEN. DAWES SETTLEMENT

Promised "Big Coalition" Regarded as Assured on Basis of Early Returns

Thus People Place Seal of Approval on Dawes Reparation Report

LONDON, May 5. (By the Associated Press.)—The promised "big coalition" of the moderates, comprising the socialist, clerical, democratic and people's parties, is regarded as assured on the basis of partial returns from yesterday's parliamentary election.

Thus the people have apparently placed the seal of approval on the Dawes reparation report as the leaders of the moderates, including Foreign Minister Stresemann, based their campaign on the adoption and execution of the report as sure cure for the country's ailments.

While the counting of the ballots is necessarily slow, due to the large number of party tickets in the field, indications are that the coalition will have sufficient seats in the Reichstag to force through the enabling legislation required by the Dawes report with little help from the independent factions.

The nationalists and communists made some gains, but the vote polled by General Ludendorff's ultra monarchists did not come up to expectations, and the result indicates decisive failure of the reactionary and radical campaigns.

The balloting was heavy and it is probable that at least 15 new deputies will be added to the Reichstag, increasing the membership to 475.

Up to 6 o'clock this morning, returns from 22 of the 75 electoral districts showed election of 244 candidates, including 58 socialist democrats, 43 communists, 39 democrats, 39 nationalists and 12 Bavarian people's party. The remainder were distributed among the various other parties.

About 75 per cent. of the electorates voted throughout the Reich.

## PREMIER McDONALD AGAIN UNDER FIRE

LONDON, May 5.—The raid by the German police today on the headquarters of the Russian trade mission in Berlin has aroused the English opponents of the labor government's policy for establishment of toll relations with Russia to renewed criticism of Premier MacDonald for having instituted the Anglo-Russian conference which is holding sessions at the foreign office here. Nevertheless the sub-committees of the conference met again today and, according to British officials, the severe shakedown which Russo-German relations have received as the result of the Berlin incident will not affect the British efforts to reach an agreement with Moscow.

## SEEK INDEPENDENCE DEFICIENCIES IN NAVY

Philippine Independent Mission Resolutions Prepared by House Committee

WASHINGTON, May 5.—The Philippine independent mission laid its case today before the house insular affairs committee.

Manuel Quezon, president of the Philippine senate and head of the mission, told the committee that the Philippines felt they were entitled to immediate and absolute independence. "We confidently hope," he said, "that this congress will act on this question. From our point of view, a solemn covenant exists between the United States and the Philippines wherein the islands were promised independence as soon as a stable government was established. It is not a mere matter of sentiment and feel that it is time for the United States to make good on its part of the agreement."

Quezon said the mission did not wish to insist on the enactment of any particular measure, but expressed preference for a resolution along the lines of that proposed by Rep. Cooper, republican Wisconsin, which would give immediate independence.

The navy department is extending to Captain Bartlett all possible cooperation in his work which may be of value in future cruises into the Polar region by the "Shenandoah" or other ships of the navy.

## AMERICANS ABROAD ARE SUBJECT TO TAXES

HONOR FR. O'REILLY PLANS FOR BIG K. OF C. EVENT GO FORWARD

Cable From Pope and Panegyric by Cardinal Features of Yesterday's Program

LAWRENCE, May 5.—Half a century of spiritual labor for the welfare of his flock, by the Rev. James T. O'Reilly, O. S. A., pastor of St. Mary's church, was celebrated yesterday when 5000 or more children of this city marched in a May procession at the opening of a four-day golden jubilee observance in Father O'Reilly's honor. Cardinal O'Connell voiced the gratitude of the whole community and archdiocese in his panegyric at a solemn high mass of thanksgiving.

Seated at the right hand of the Cardinal within the sanctuary of St. Mary's church yesterday morning, Father O'Reilly saw a crowded edifice and heard a member of his order, the Rev. George S. Loomis, O. S. A., of the Novitiate of Villa Nova college, read the text of his sermon to the congregation. The text from I Peter V 21, was "Feed the flock of God, which is among you, taking care of it, as the shepherd, not for the filthy lucre's sake but voluntarily, and when the Prince of Pastors shall appear you shall receive a never-fading crown of glory."

To that was added the commendation of the Pope, who cited this message to Father O'Reilly: "The Father on your golden jubilee bestows the Apostolic blessing on yourself, your community and your parish." The Very Rev. Nicholas J. Vasey, provincial father of the Augustinian order of Philadelphia read the Holy Father's message to the congregation.

The celebration will end Wednesday when the entire city will cease work to honor Rev. Father O'Reilly. Business houses, factories and stores will close, and there will be a parade in which practically every organization in the city of all creeds and races will participate.

Supernatural Knight James A. Flaherty of Philadelphia will be the principal speaker tonight at the banquet given by the Knights of Columbus in honor of Father O'Reilly. Tuesday night the A. O. U. organizations of the city will honor Father O'Reilly and the dinner Mayor Curley of Boston will be the principal speaker.

## EXCELLENT CONCERT IN ST. LOUIS' PARISH

A most interesting and varied concert was given last evening in St. Louis' parish hall in Beaufort street, under the auspices of and for the benefit of the parish.

The youthful participants, pupils of local teachers, executed their numbers with much credit. Miss Annette Manseau, 3-year-old violinist, and little Miss Gertrude Bergeron, reader, received rounds of applause, and most willingly gave encore numbers.

Miss Manseau, who for two years has been playing before local audiences, was most charming last evening, her interpretations of numerous compositions by well known composers being excellently rendered. She played with ease and charm, and her movements in the third position and double-stopping proved her ability as a most talented young violinist.

Miss Bergeron, whose readings, "When I Grow Older" and "Les Vins de la Vierge" were most entertaining, the former number being a humorous sketch with a vocal solo.

Dominique Benoit, violinist, and a pupil of Prof. Benoit, entertained the large gathering with "Foot and Peasant," being accompanied by his sister, Miss Helene Benoit.

Miss Laura Decelle, violinist, a pupil of Prof. P. O. Bergeron, was most pleasing with her renditions. As an encore number, "Love Sends a Little Gift of Roses," with variations, was ably given by the young lady.

William Desrosiers, female impersonator, sang several numbers, among

which was "Old Pal," the popular sentimental vocal composition.

The Spindle City Four, Messrs. O. Desrosiers, Raymond Chandonnet, Henri Traversy and Thomas Conlon, entertained with numerous popular numbers, including "Just a Girl That Men Perish," "Indiana Moon," "Why Don't My Dreams Come True?" and "A Smile Will Give a Long, Long Way."

Francois A. Bourret, delightful audience with saxophone solos, being accompanied by Miss Rose Desrosiers.

## AMUSEMENT NOTES

**STRAND THEATRE**  
A truly great photoplay is "The Hunchback of Notre Dame," being shown the entire week at the Strand. A great cast of stars was engaged in its production and great results were attained, photographically, artistically, dramatically and from an entertaining standpoint. New York and Boston had record prices to see this offering, and incidentally several attendance records were made. Lon Chaney and many others of note in the film world are engaged in the presentation and their efforts are most commendable.

Alvin Dubay, noted dramatic critic, had the following to say regarding this production: "This much I'll say and you may doubt it before my eyes even more: a more remarkable, epochal, unforgettable, haunting and obnoxious piece of cinematic, bizarre, sinister character setting that was contributed to 'The Hunchback of Notre Dame' by Lon Chaney I have never seen on either stage or screen. If Victor Hugo could have seen this visualization it would have given him a thousand sensational ideas. Everyone will speak of this 'Quasimodo' type character handled by Chaney. Nobody can overlook him; he is as solid as Notre Dame itself. You get the very marrow of Victor Hugo without the inevitable weariness of fishing for it yourself. The meat is all there, carefully prepared and served—delicious. I am tired of mob scenes, but that one at the close of this picture gives to mob a new significance. Lon Chaney has stamped himself as an artist of the purest ray serene. This bit of work cannot die. It is immortal. The 'Quasimodo' type character was excusable in the role of 'Emmerich' in 'The Hunchback of Notre Dame' by Lon Chaney. It is epoch-making."

Manager Torcan experienced considerable trouble in securing it for local presentation at what may be considered popular prices. In view of the rates asked in the other big cities. On certain nights during its presentation on Broadway, prices ran as high as \$5 per seat. During the local run, the prices will be 25 and 35 cents for the box seats, with reserved seats in the boxes and loges at 75 cents. At night the prices will be 35 and 50 cents, with reserved seats in the boxes and loges at 75 cents. The reserved seats are now selling for all performances. Be advised and attend one of the marvellous performances if you wish to avoid the crush. This is the first time this super-special has been shown at popular prices.

**MERRIMACK SQUARE**  
Of all the screen adaptations of popular novels, the height of perfection has been reached in the picturization of "If Winter Comes," at the Merrimack Square Theatre the first part of this week.

It is the local premiere of the photoplay and for those who have read A. S. M. Hutchinson's story, the unique and original characters of the novel seem to live and breathe before the eye, exactly as visualized by the mind while reading the book. For those who have not read the book the picture is entirely different and refreshing in its individuality.

Probably the best way to express just how the picture impresses one is that after he has intently viewed what he supposed to have been about six reels of film, he is surprised to learn that the picture is twice as long in length. And there is not a dull moment in one inch of the 1200 feet of celluloid.

It is impossible to imagine a more

perfect Mark Sabre, the puzzle-headed, invincible idealist, than Percy Marmont. This actor's interpretation was without a flaw and while he has appeared for years on the stage, as well as a number of times on the screen, he has never swayed an audience as he does in this role.

There is the usual excellent surrounding program, including a comedy and the latest International News. For Thursday, Friday and Saturday the management announces Tom Mix's first super-special ever made by Tom Mix, "Soft-Boiled."

**D. F. KEITH'S**  
One of the best of entertainment combinations is that of Hall, Erling and Keith, who will give the mixture of music, dance, and comedy called "A Night on Broadway" at the B. F. Keith Theatre, this week. Dainty Marie, with her dancing, beauty and symmetry, will be on the same bill, and Freda and Anthony in their Italian dialect comedy are sure to please. Sampson & Douglas, a comedy woman and a singing man, make a speedy pair of entertainers, and George Tempest, the creator of the prince in "The Merry Widow," and Myrtle Vail, will give music and dancing. Then there is the famous dancing team of Towa & 'Horty, with their track dog, Kig. The picture is "For You My Boy."

**RIALTO THEATRE**

Lovers of romance and adventure will welcome "Why Women Re-marry," the special attraction which opens at the Rialto today. This picture deals with the romantic life, it is said, and besides having a sustained love interest, is replete with thrills and adventures. "Why Women Re-marry" is the story of four wives, each of whom believes she has married the wrong man. The way in which each one for his services. Silke prefers to be a workaholic under her individual destiny and "free lanker" and does not mind him finally marries the man who under itself to any one company. This work stands and loves her makes an excellent picture, as "Skin Deep," without any doubt, one of the best. Numerous other photoplays stamp him as the foremost screen leading male star. In "Why Women Re-marry" he Terry, Clarissa Selwynne, Wilfred Lowrey, William Lowrey and Carol Halloran, has a part worthy of his name.

Just a word concerning Milton Silke, the other feature on the bill and offers who has the leading role in this picture. He has already established himself as a riding, straight shooting, rowpuncher. He is in constant demand in pictures, and a new Fox News feature and the producers are always bidding are also on the program.

## HELD FOR FIRST DEGREE MURDER

FITCHBURG, May 5.—Andrew Spyropoulos, accused of first degree murder as the result of the shooting yesterday of Daniel Koulis on West street, waived examination in district court today, before Judge Thomas F. Gallagher. He was held without bail and the complaint was continued to May 15. Spyropoulos, proprietor of a coffee house and barber shop, was represented by Attorney James H. Walsh. The prisoner, closely guarded, maintained his sullen attitude. On the theory that he had taken poison after the murder, several doctors have examined Spyropoulos. They found his condition to be normal.

## DENY ANGLO-RUSSIAN DEADLOCK

LONDON, May 5.—The Daily Herald, laborite organ, today terms as "pernicious nonsense" the declaration at Lancaster Saturday, by J. J. O'Neill, national liberal, to the effect that the Anglo-Russian conference had reached a deadlock on the question of the recognition of debts. The newspaper declares that the negotiations have progressed with quite unexpected smoothness and steadiness, although slowly. It charges Mr. O'Neill with taking part in a campaign deliberately started to wreck the conference.

## First Pictures of Arizona's Tourists' Health Blockade

"They Shall Not Pass!" That was the order that went out from the offices of Governor Hunt of Arizona when the foot and mouth disease was prevalent in parts of California. Hundreds of tourists, easterners returning to their homes after spending the winter in California, were detained by health authorities as they crossed the border. Here is a glimpse of one of the camps. In the circle is a sign posted on the bridge at the state line advising automobilists of the quarantine.

The "delousing" plants, so familiar to the men of the A. E. F., came back into their own during the blockade. Baggage and clothing were thoroughly fumigated while tourists were compelled to bathe with steaming hot water and carbolic soap.

## CONCERT AT CITY HOSPITAL POSTPONED

The proposed concert to be given this evening for the benefit of the inmates of the Chalmers street hospital under the auspices of the Broadway Social and Athletic association, Inc., has been indefinitely postponed, as the club intends to devote much time now to the Cunningham benefit performance in the Auditorium next Thursday night. It is probable that the hospital entertainment will take place in about three weeks.

## 8 IN 11 BILL TABLED BY STATE SENATE

Local carmen in common with all others throughout the state are greatly disappointed over the news received from Boston today that the 8-11-hour bill has been tabled until the next session of the legislature. The action came as a complete surprise and carmen denounce the alleged secrecy maintained in the procedure.

The measure was a house bill and a hard fight had been made by the street railwaymen in favor of its adoption. The carmen felt much progress had been made and were expecting to soon hear of its passage. Hence the unfavorable news came as somewhat of a shock.

According to the Boston report, the house chairman, Rep. Richards, on last Friday sent the measure to the senate committee, Sen. Frothingham, chairman. The report further states that the preceding came late in the afternoon, when many had left the state house. Chairman Frothingham consequently had little difficulty in gaining unanimous consent and as a result the bill was laid on the table until next year.

## Corcoran Given 7 to 10 Years

Continued  
for threatening to accuse Kenneth Merrill of Newton of a serious offense with intent to extort money. Mrs. Rees pleaded guilty at the opening of the trial and Barrow was found not guilty. The charges against Corcoran grew out of the investigation by former Attorney General J. Weston Allen, which led to the removal of Nathan A. Tuffs as district attorney of Middlesex county in 1921. Mr. Allen named Corcoran as one of an alleged blackmail gang which had extorted money from wealthy men lured into compromising situations.

Corcoran was indicted by a Suffolk county grand jury on blackmail charges in December, 1921, but defaulted when the case was called for trial. He was arrested in New York last July and extradited to this state. His trial began in Suffolk county, was discontinued when the presiding judge fell ill. A second trial in that county began last January, was declared a mistrial when Harry Levinson, a Boston lawyer, indicted with Corcoran, pleaded guilty, and testified that the jury had been tampered with. Shortly afterward the Middlesex county grand jury indicted Corcoran and the others.

# LOWELL DRIVING CLUB READY FOR BUSY RACING SEASON

Meeting on May 13 Will Start Ball Rolling for Memorial Day Card—Agricultural Fair Planned for August or September

Lowell Driving Club and Agricultural association members have an important business meeting scheduled for Tuesday evening, May 13. Preliminary plans for the 1924 season of racing at Golden Cove, members eager to have the track in good condition for May 30, went to Golden Cove today to clean up, paint up and smooth over the dirt track that will see a lot of fast racing this summer if present enthusiasm amounts to anything.

The club men are certain to conduct an agricultural fair in August or September. Last year's inaugural show was excellent in every way, although the program was not greatly varied. The display of farm products, which the club members want to specialize on first in conducting a county fair, was far and above the average of New England shows. It is expected that this year's exhibition, with added features and attractions of interest to every county town and outside, will place Lowell on the map as a good place to visit when the fair circuit programs are taken in by the folks at large.

The Memorial day race card will contain four classes—the 2.16, the 2.22, 2.25 and club matinee. Purses in order of classes will be \$250, \$150 and \$100.

For the matinee, in which horses without track records will be eligible, there will be the usual premiums of eggs, harnesses and a cup. President Oscar Dewell will preside at the May 13 business meeting. J. B. Wotton is chairman of the 1924 racing committee.

## Behind the Rail

"Little Prince," Tom Hendon's wonder with a race record of 2:01 1/2, and a Native Wilkes stallion, is ready for service and in tip-top shape. He will make the season of 1924 at Tyler farms in West Newbury, Vt. "Little Prince" was one of the most consistent race horses ever seen in this part of New England. He is a dark bay, black points, 16 hands high and weighs 1600 pounds—a compactly made horse with lots of substance. J. B. C. Tyler has charge of the Braden stallion at West Newbury.

Lewis C. Clark is putting his excellent "Princess Louise," two years old, out to "first harness" on the Golden Cove track tomorrow. She will be continued in harness trials for several weeks before entering any races. Mr. Clark is enthusiastic over "Princess Louise," and has a right to be, for it

was "Little Prince's" very first foal. Oscar Dewell is to practice with the princess and knows the reins if anybody does.

The dark horse has been carefully tended since birth by the hardware store manager at his farm on Vermont road. Today, the dandy stepper is in fine condition for its first trials on a half mile. The owner has been offered \$100 for the infant, but won't sell at any price.

Mr. Wotton is exhibiting a brand new piece of racing horseflesh at his well filled stable today, the third to be listed in preparation for the summer New England half mile campaign. The Wotton very latest is Lassie Palmer, by Joe Palmer, a very chunky mare of "big breeding," standing 16 hands high and full of vigorous stepping qualities. The color is brown and Lassie is a pacer.

The new one will be entered in the 2.16 pace at the Golden Cove meeting on May 30. Maxwell, another Wotton horse, is in the 2.16 class, too. If both are entered, it ought to be a lively sale. Mr. Wotton's other good one that is to be seen on many tracks this summer is good old Helen.

Horsemen from all sections of the east will gather at Readville on Thursday for the semi-annual New England speed sale, conducted under the auspices of McKimsey brothers and Chas. M. Lockwood. There are many entries and Lowell horsemen made plans to attend and look 'em over.

President Dewell has been informed that the Rutland fair, where several Lowell horsemen and local jockeys spread themselves to good advantage last year, will have seven \$1000 purses on its late closing class list.

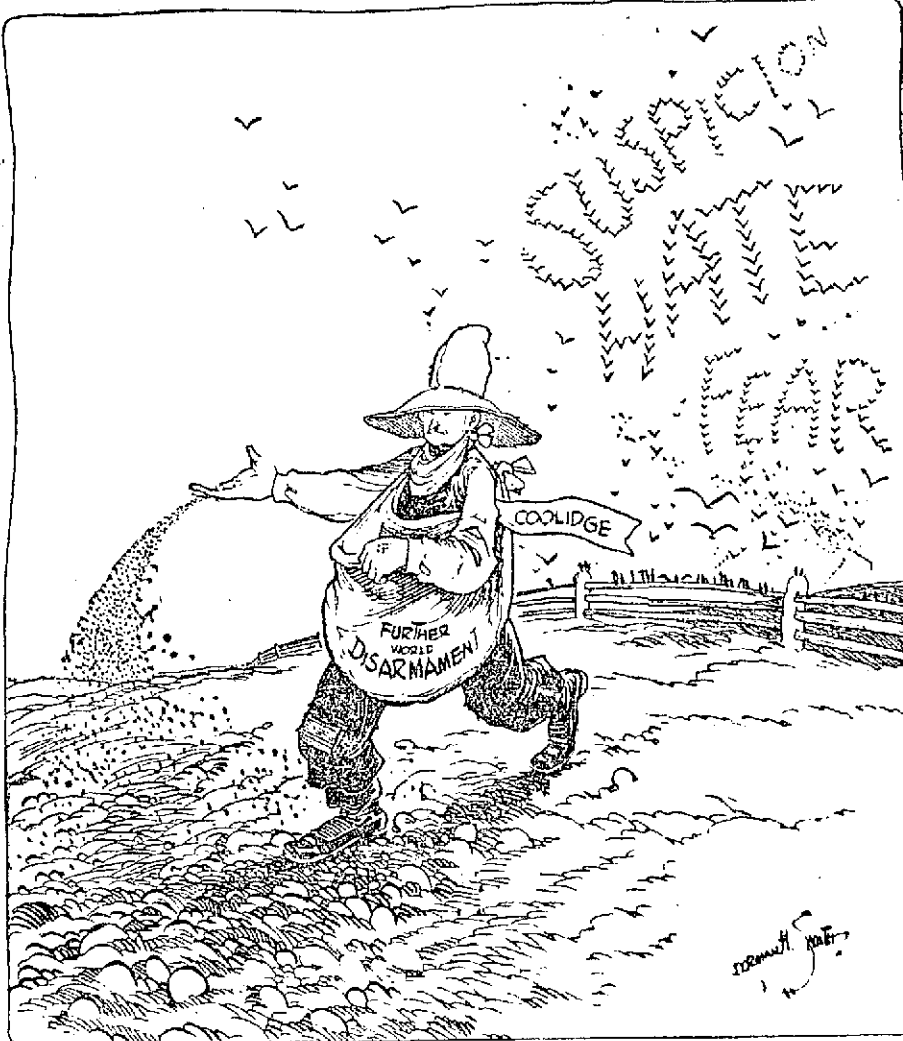

Andy Johnson of Manchester sends word that he has sent John Hedgewood, 2:14 1/2, who appeared one time at Golden Cove in a matinee, to old Ed Sunderland for keeps.

Maine railroads will be liberal with the horse-men touring the Pine Tree state tracks this season. The Maine central announces that one man will be allowed free transportation with each race horse, stallions will be given the same rate as mares and geldings, and trappings up to 100 pounds are allowed with each horse.

## RICHARD'S BELMONT'S WIN

Richard's Belmonts opened their season on the North common yesterday afternoon by defeating the North Ends in an interesting game by the score of 10 to 4. Just before the game opened, Frank Richard walked to the mound and took the ball in hand. Manager Bell of the Belmonts went behind the plate. Frank was in good form and he shot the sphere right over the pan. With formalities over the players took their positions and the game was on. It was a hard fought battle. Bob Lawless was in mid-season form and he pitched a wonderful game, sending twenty down via the strike route. John Lawler had his eye on the ball and he contributed two home runs, both of which came at an acceptable time.

## TWENTY-FOUR DUELS

Clashes Follow Annual Election of Officers of the Cracow Red Cross

CRACOW, Poland, May 5. Twenty-four duels have taken place between gendarmes, members of the Cracow chapter of the Red Cross, and civilian members of the chapter, as the result of violent controversies over the annual election of officers of the Cracow Red Cross.

The entire regiment of gendarmes, all members of the Red Cross, entered the hall where the meeting was being held and voted for and elected a third entirely composed of gendarmes. Protests against this action were made in such a form that the gendarmes felt insulted and issued challenges. No fatalities resulted from the duels.

The minority of the Cracow Red Cross chapter has applied to the national Red Cross authorities at Warsaw for the cancellation of the election.

**WOOD FOR PHILIPPINE INDEPENDENCE**

MANILA, May 5 (by the Associated Press).—Faith in eventual independence of the Philippine Islands but warning that independence if granted now would be a failure, was expressed by Governor-General Leonard Wood in a newspaper statement made public yesterday.

General Wood declared he had been working for Philippine independence as hard and earnestly as many Filipino leaders.

"I long to see your country independent, but believe it is not yet the proper time for complete separation," he said. "If it is independence now, granted now, it certainly would be a failure. The Philippines being the only Christian nation in the Orient imbued with western civilization, it would be a pity to see undone, all that we have accomplished here to date."

## WOMAN'S COMMITTEE FOR POLITICAL ACTION

WASHINGTON, May 5.—An attempt will be made here this week by the woman's committee for political action to formulate a platform plan around which the "progressive" women voters can rally in the coming national elections.

A series of meetings lasting several days will be held, but it was feared today by Mrs. Sallie H. Burch of Maryland, acting chairman, that the action on individual candidates was postponed.

The committee expects, however, Mrs. Burch said, that after the national conventions of the republicans and

democrats in June, something in the way of endorsement of candidates may come out of the July 4th convention of "progressives" to which the committee will elect delegates from each state.

## 'First Aid' For Sick Children

THE experienced mother is not alarmed when a child becomes sick. She knows that most of the ailments of childhood are trifling. If it seems serious she calls a doctor, but whether or not she calls him she gives, first of all, a good laxative medicine. The doctor would advise that anyway. It is his "first aid."

Such experienced mothers as Mrs. Everett E. Hunt of Belzoni, Okla., who has three children and never any sickness, and Mrs. F. B. Kuklenaki of Prosser, Wash., always give Dr. Caldwell's Syrup Pepsin at the first indication of sickness. Such timely doses have saved them much worry.

## The Meaning of "Good"

All doctors agree that a thorough cleaning out of the bowels is of first importance for it removes dangerous intestinal poisons. They will also advise a "good laxative" and by "good" they mean one that is effective and yet harmless. They know that there are physics that never should be given to children - calomel, which is mercury and loosens the teeth; phenolphthalein, a coal-tar drug that causes skin

trouble; salts, which concentrate the blood and dry up the saliva. They consider Dr. Caldwell's Syrup Pepsin safe for all ages as they know it is a simple vegetable compound of Egyptian senna with pepsin and agreeable aromatics. The formula is on the package.

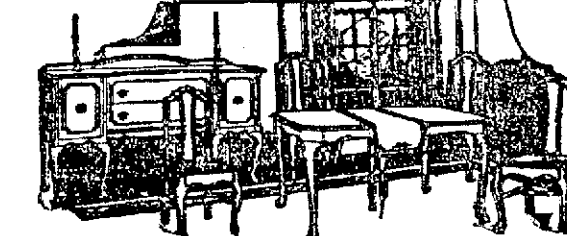

## Give Laxative for Colds

Adults should have at least one movement of the bowels every 24 hours, and children two or three. Failure to have it means constipation, then headache, biliousness, drowsiness, lack of appetite. Give a dose of Dr. Caldwell's Syrup Pepsin at bedtime, and there will be health and good feeling by morning. A dose costs less than a cent, and a bottle can be had at any drug store. Colds and constipation come together, so if you notice coughing or sneezing stop it at once with Syrup Pepsin.

## COMMON SENSE

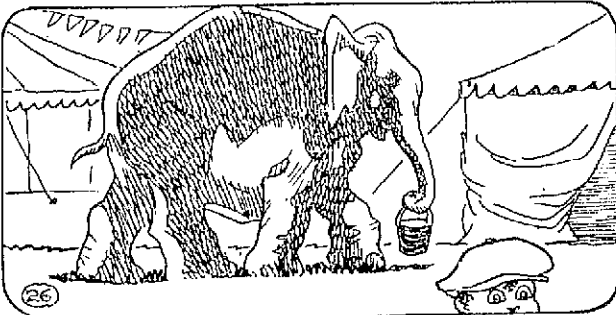

When a merchant advertises his wares in a newspaper, he does not appeal to the paper, but to its readers. He solicits the patronage of those readers whether he agrees with the policy of the paper or not. To refrain from advertising in a paper of wide circulation simply because he does not agree with the editor on all public questions, is not using common sense. It is a form of business suicide. It has sent many short-sighted business men into bankruptcy. A dealer might as well put a sign over his store notifying all who do not think as he does that he does not want their patronage. Readers of newspaper advertisements know when and where their patronage is welcome.

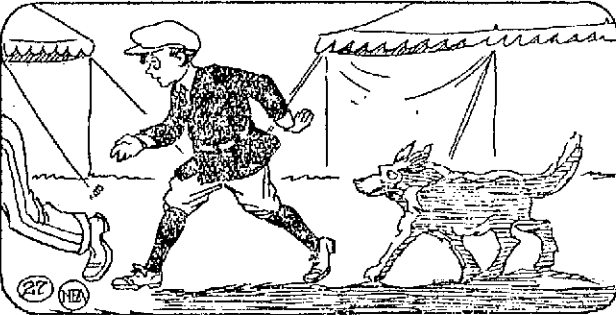

## Jack Daw's Adventures. Chapter 9

"Well," said the elephant man, who had come up, "you seem to be a friend of Boscoe's." "Oh, I am," replied Jack. "I fed him some peanuts when he first came off the flat-ear." And then Boscoe's trainer, whom Jack had met outside the tent, came up. "Hello, there, young fellow," he said.

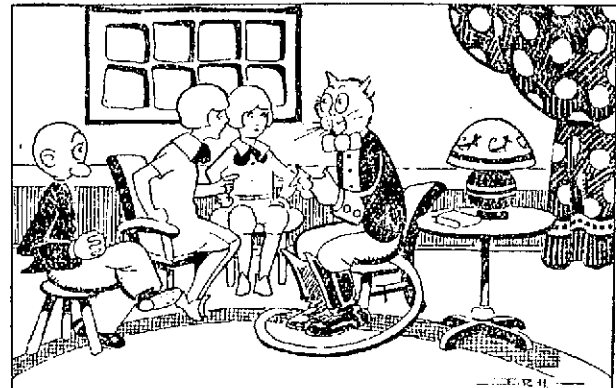

Jack then explained that he had grown tired of carrying water. "I'll have to pass up that circus ticket," he said. "Oh, no you won't," said Boscoe's trainer. "Boscoe will carry the rest of the water for you and you can have the ticket, anyway." And Boscoe started away with the pail.

Jack waited until the other elephant man made out the tent pass. Then he thanked him and walked away with Boscoe's trainer. "How would you like to have a pony ride?" asked the trainer. Jack said that he loved ponies, so they went right over to the pony tent. And Flip trailed along. (Continued.)

PUSS-IN-BOOTS TELLS A STORY

"WILL YOU TELL US ABOUT IT?" ASKED NANCY

"I'm going to take you to see a most important person today," said Mister Muggs to Nancy and Nick. "Who?" cried the Twins excitedly. "No other than Puss-in-Boots," remarked Mister Muggs, polishing the lamps on his little automobile. "He lives in Once-Upon-a-Time land, not far from his master, in a nice little house with a catnip garden. He spends his time raising mice to sell in the cat market. They say he has made quite a fortune for himself as well as his master."

"That will be loads of fun!" said Nick. "Let's start right away. Is it far?"

"Let me see," said Mister Muggs. "The kingdom of the Marquis of Carabas, his master, is in Once-Upon-a-Time land, right near the kingdom of Snow White. The cat lives near the Marquis of Carabas, who is his master."

So they all jumped into the magic automobile and whizzed away.

They soon came to the kingdom of the Marquis of Carabas and to the little house where Puss lived, and knocked on the door.

"Good evening, good sirs, and madam," said Puss-in-Boots when he saw them. "Come in and have a cup of catnip tea. I was just wishing for company, as I am getting old and a bit lonely, now that my master has a beautiful wife and a palace and a rich kingdom to look after."

"Will you tell us about it?" asked Nancy when they were seated in the little house.

"I should like nothing better," said Puss, stroking his long whiskers thoughtfully. "It was this way: My master was a poor boy, the youngest of three sons. And when his father died he left each of the older boys a share of his fortune, but to the youngest he left only me. So I felt responsible for his fortune. I used my wits and wiles, my friends are worth more than gold. The first thing I did was to give my poor master a grand name. I called him the Marquis of Carabas. Next I caught a brace of partridges and gave them to the king in the name of the Marquis of Carabas. Next I went to a wizard's house. A bad wizard, he was, a very bad wizard!

"The wizard changed himself into a mouse and I ate him. Then I took his house and lands and gave them to my master. After that the king's daughter married my master, and they are very happy indeed. My days of adventure are over. Once a year my master rides to my door and gives me a new pair of boots. It's time for a new pair now."

"Thank you for being so hospitable and kind," said Nancy, finishing her tea and getting up to go.

"You're welcome," said Puss-in-Boots. "But if you hear of anything that cures indigestion, I wish you would let me know. I have had indigestion ever since I ate that wizard!"

(To be continued.)

# CALL WAR "LAW OF THE JUNGLE"

Methodist Address Urges  
America's Entry Into the  
World Court

Bishops Favor the Lifting  
of Ban on Worldly  
Amusements

SPRINGFIELD, May 5.—The ban on worldly amusements of the Methodist Episcopal church should be lifted because it "has not corrected the evils named as detrimental to the recreation of life of our people," the address of the board of bishops before the quadrennial general conference of the church recommended.

Only those amusements which cannot be enjoyed in the name of Jesus Christ should be barred, according to the address which was presented yesterday. "A direct appeal to their freedom in Christ would be the most effective method of dealing with the matter," it continued.

The bishops observed with grave apprehension, "the growing spirit of worldliness," agreed it was necessary to correct this evil, but asserted the method used to this end hitherto had been ineffective and an embarrassing to many pastors, especially among the young people of the church.

Endorsement was voiced of the union of nations in the cause of peace and the union of the Methodist churches of America in the cause of Christianity. Dubbing war a "law of the jungle" and "organized revenue," the address urged America's entry into the world court and declared for international political co-operation. Union of the Methodist churches was approved and co-operation between denominations urged.

Declaring that a trifling condition existed in relation to divorce, the address recommended standardization of divorce laws, enactment of a federal law and a return "to the former ideals of personal virtue, modesty and social propriety."

The bishops declared the prohibition law had been successful and asserted it had decreased crime and misery. All efforts to modify or change the law had failed and would fail, they said.

# PUBLIC TESTIMONIAL FOR A. E. BROWN

In many ways the public testimonial concert to be given at the Memorial Auditorium on Wednesday evening of the current week for Albert Edmund Brown is unique. Scarcely does the city show such recognition for civic service rendered by one of its citizens, but in this instance the honors to be paid seem richly deserved. Mr. Brown soon is to leave Lowell with his family and take up a residence in Ithaca, N. Y., where he joins the faculty of the Ithaca Conservatory of Music, and before he goes it is the idea to show him that his work in this city for the public good has found appreciation.

A general committee of citizens representing a number of civic and fraternal organizations is in back of the testimonial and a program has been arranged that in itself is sufficient reason to cause an exceptionally generous patronage. Taking part in the concert are the Lowell Masson choir, the Studio Choral Art society, and Mr. Brown. The program follows:

Group for the Masonic choir—  
Legend of the Masons (The Golden Legend)..... Buck  
b-Sunrise and You..... Town  
c-The Blind Beggarman..... Clarke  
d-Long Ago in Egypt..... Lehmann

Group for the Choral Art society—  
a-Happy Days..... Brown  
b-Roses from the South..... Strauss  
c-My Heart at the Dear Voice (Sullivan and Bellini).....

b-Roses from the South..... Strauss  
c-My Heart at the Dear Voice (Sullivan and Bellini).....

In addition to this excellent musical program there will be general dancing until a reasonable hour, with music by Miner-Doyle's orchestra.

It is hoped that the public will patronize the event to the fullest possible extent.

# MOTOR LAW VIOLATORS Braintree Man Charged With Operating Here While Under Influence of Liquor

George W. Hayes of Braintree pleaded not guilty, in district court this morning, to a complaint charging him with operating an automobile yesterday while he was under the influence of liquor. He was continued in 400 until May 15.

Hayes was arrested by Traffic Officers Daniel P. Brennan and Paul Spillane as he was proceeding along Central street yesterday afternoon. As he appeared to be experiencing difficulty in driving through traffic, the officers investigated and placed him under arrest. Two men and two women companions who were with him at the time were also locked up, but were later released by the probation officer.

Francis C. Silva was fined \$15 for operating a motorcycle without a rear light showing. He also faced additional charges of operating without a license or certificate of registration, but as he produced both in court, those charges were placed on file.

Costas Hantos and Evangelos Dianos both pleaded not guilty to a complaint charging them with disturbing the peace, and were continued until next Thursday. They were arrested last evening in a Market street luncheon where a row is alleged to have taken place.

Simon Koblitz pleaded guilty to drunkenness and was given a month to pay a fine of \$15.

Myer Kilen, illegal keeping, was continued in \$500 bonds until May 10.

Dennis J. Murphy, drunkenness, was given a suspended sentence of one year in the state farm.

Charles J. Ryan, drunkenness, was fined \$15. He was released Saturday. Three other drunkenness cases were filed, and there were 19 releases.

# FIREMAN CRAWFORD IS FUND OVER \$8100 MARK TRANSFERRED BY CHIEF

Fire Chief Edward P. Saunders has transferred Fireman George R. Crawford, best man on the eligible list for Lieutenant, from Engine 7, 11th and Stevens streets, to Engine 1, High street. Crawford recently appeared before the public safety committee of the city council relative to grievances in connection with promotions to the grade of Lieutenant.

He has charged unjust discrimination by the department head and has retained former City Solicitor Jeremiah J. O'Sullivan as his counsel. At the recent hearing before the council committee Mr. O'Sullivan asked Chief Saunders if he did not intend to transfer Crawford, who is married and lives opposite Engine 7 house.

The chief at that time replied in the affirmative and when asked if the transfer was to be a disciplinary or punishment measure he replied that it would be for the good of the department.

One of Crawford's complaints against his chief has been that while, under the customary seniority rule, he was senior to some of the men on Engine 7 he was, under verbal orders of the chief, ranked by another man who is his junior in years of service. Crawford was pump operator at Engine 7 and his engine was implicated at the Associated building fire of last week when a pump bearing was burned out.

Persons living in sparsely settled or rural regions are believed to be more susceptible to diphtheria than city residents.

#### FLAYS VETO OF PENSION BILL

G. A. R. Commander Calls Pres. Coolidge's Action "Cruel and Unjust"

Says Veterans Ignominiously Turned From the Door of Help and Hope

WASHINGTON, May 5.—Characterizing the veto by President Coolidge of the Bureau pension bill as "cruel and unjust," Gaylord M. Saltzgar, commander in chief of the grand army of the republic, appealed by wire today to senators to override it.

"The veto of President Coolidge is so unjust to the feeble old veterans who so nobly saved their country, that I cannot find words sufficiently strong to characterize it," the message, sent from Van Wert, Ohio, said. "With their just claims against the government, they are ignominiously turned from the door of help and hope. It cannot be possible that the great nation has forgotten those who saved it from dishonor."

"In behalf of my suffering and deserving comrades, I appeal to the branch of the government best representing the people, the American congress, to right this grievous wrong and pass the Bureau pension bill over the veto of the president."

Commander Albert D. Aileen of the United States War Veterans, telegraphed senators declaring the president had recommended construction of an \$18,000,000 bridge over the Potomac river here, and asking:

"Is it to be millions for monuments to an ideal and a stone instead of bread for those who made possible the spirit of America?"

Senator Bursum, republican, New Mexico, plans to call the bill up tomorrow in an attempt to pass it over the veto.

#### PETITION SUPERIOR COURT FOR ELIMINATION OF MIDDLESEX STREET GRADE CROSSING

The formal petition of Lowell city council members to the honorable justices of the superior court of Massachusetts, for the elimination of the railroad grade crossing on Middlesex street, will be introduced at tomorrow night's meeting of the council for official consideration.

Lowell chamber of commerce directors are responsible for a strongly renewed effort to bring the grade crossing problem to a head at this time.

Increasing anxiety on the part of thousands of citizens and taxpayers, who consider the Middlesex street thoroughfare, where the Boston & Maine railroad crosses at grade near the passenger station, to be a constant menace to life and limb, has helped to hasten the present action.

The petition to the superior court, approved this afternoon by the chamber of commerce directors at their business meeting held immediately after luncheon, is as follows:

"To the Honorable the Justices of the Superior Court:

"Your petitioners the members of the city council of the city of Lowell in the county of Middlesex and commonwealth of Massachusetts, respectfully represent:

"That the railroad of the Nashua & Lowell railroad, of which the Boston & Maine is the lessee, crosses Middlesex street grade near the passenger station of said Boston & Maine railroad, the said Middlesex street being a public way in said Lowell.

"Your petitioners further represent that they are of the opinion that it is necessary for the security and convenience of the public that an alteration should be so made in such crossing, in the approaches thereto, in the location of the railroad or public or private way, or in the grades thereof, as to avoid a crossing at grade, or that such crossing should be discontinued with or without building a new way in substitution thereof.

"Wherefore, your petitioners pray

NO CAUSE FOR BEING LOST

By N.E.A. Service

SAN ANTONIO, Tex., May 5.—Balloons hereafter will have no cause for being lost, whether they meet storm or disaster. Radio broadcasting stations will watch them closely.  
This assurance comes out of here, where preparations are being made for the start of the national balloon race on the afternoon of April 25.  
At least one of the balloons will be equipped with a radio receiving set which will get regular reports of its position from WTAM, Cleveland. It is the theory of the race. Its pilots will drop messages identifying their balloons. These will be telegraphed to WTAM, and WTAM in turn will broadcast the place and time of the message. So the pilots will learn, within a few minutes, what city they passed over.  
And listeners, eager to learn of the balloons' progress, may tune in on WTAM and other broadcasting stations for their latest reports.

REST ARE FADS

FOR DX WORK

By ISRAEL EILEN

N.E.A. Service Radio Editor  
NEW YORK, May 5.—Radio fans are dabbling with the simple one-time receiving set need no longer.  
Prof. John D. Magerott, head of the department of electrical engineering at Columbia university, president of the Institute of Radio Engineers, and pioneer in this science, gives them an encouraging word.  
"Long distance reception is what everyone is seeking just now," he says. "But that craze will soon die down. Broadcasting will resolve itself into more centralized control and local reception will be the final outcome."  
Which means that the complicated "super-super" receiver is only a fool's errand.  
"Most of these new sets you read about today are only adaptations and complications of the three or four fundamental circuits in radio," he says. "They are not good for anything but the reception of long distance signals, and in bringing out a far station through a loud speaker."  
"But when broadcasting becomes localized, a small, simple one-time set will be just as good, and much cheaper and easier to control."

Centralization Ahead

Magerott is quite confident in his prediction of localized broadcasting. It will come about, he says, by a gradual diminution of the number of stations now broadcasting and centralization of those that remain.  
"Then we shall get better broadcasting," he predicts. "The centralization of stations may ultimately mean government control, with one outstanding station sending out a program to all the others, from which local fans will receive them."  
Local receiving sets under such conditions need be constructed for reception of about 100 miles on the average. They can't help but make them simpler and cheaper, when the same program will be sent out all over the country at the same time. There will be no more need for getting DX.  
"There is an opportunity for wired wireless," Magerott adds. But it will be more limited than the localized form of broadcasting, he predicts.  
"Wired radio probably is coming, but from use only a limited use for it. When there is an underground network of electric wires, as in New York, for instance, wired radio may be good for about a mile."  
Magerott is one of the few experts

men who does not patent his inventions.

"Whatever I learn and write about, I publish," he explains.

It's just one of the details of electrical engineering to him. As professor of electrical engineering at Columbia, he can claim credit of most radio engineers of today. Many now scattered through various engineering laboratories were his students.

But fundamentally, he insists, they are electrical engineers specializing in radio. Which is the way he has of offering this advice to radio fans.

Study the elements of electricity if you want to learn about radio.

NIGHTINGALE RADIO

British broadcasters are planning to try broadcasting the song of the nightingale in its native haunts, this summer. It will be caught by a microphone set near the bird's nest and transmitted by the famous station (2A).

RADIO FOES POLICE

Since the police have been active in repressing betting on races near Cleveland, O., bookmakers and others gambling on the races have taken up radio for their activities. These information is sent in low wavelengths by prearranged code from small transmitting stations near the track to the receivers.

VAUDEVILLE ACTS

TAKEN FROM AIR

BY N.E.A. Service

NEW YORK, May 5.—Keith circuit vaudeville performers hereafter will be forbidden to broadcast by radio.  
This action has been decided upon after an investigation which proved to the satisfaction of the Keith officials that radio broadcasting was injuring attendance at their theatres.  
One of the results of this decision is the enforced abandonment of music broadcast by the famous Vincent Lopez. His radio contract was to expire about the first of May.  
The Keith office has protested that Lopez' drawing power was being depressed for the theatres because people heard him so often through the air.  
Broadcasters, however, make the counterclaim that radio "made" Lopez, that he would never have become nationally famous were it not for his broadcasting, which started with selections of his orchestra being put on the air direct from the Pennsylvania hotel. And they add, it was time as an orchestra broadcaster that won him his contract to appear in vaudeville.

RECORD BROADCASTING

Although Class B stations are not permitted to broadcast photograph music, one of the largest record manufacturers is planning a station from which the songs and other selections of famous by-gone artists may be put on the air. For this special purpose, perhaps, permission may be obtained for the creation of a Class B studio.

## GERMANS BACK UP GEN. DAWES FOR REPARATION SETTLEMENT

Promised "Big Coalition" Regarded as Assured on Basis of Early Returns

Thus People Place Seal of Approval on Dawes Reparation Report

BERLIN, May 5 (By The Associated Press).—The promised "big coalition" of the moderates, comprising the socialist, clerical, democratic and people's parties, is regarded as assured on the basis of partial returns from yesterday's parliamentary election.

Thus the people have apparently placed the seal of approval on the Dawes reparations settlement. The moderates, comprising the socialist, clerical, democratic and people's parties, is regarded as assured on the basis of partial returns from yesterday's parliamentary election.

The counting of the ballots is necessarily slow, due to the large number of party tickets in the field. Indications are that the coalition will have sufficient seats in the Reichstag to force through the enabling legislation required by the Dawes report with little help from the independent factions.

The nationalists and communists made some gains, but the vote polled by General Ludendorff's ultra-nationalists did not come up to expectations, and the result indicates decisive failure of the reactionary and radical campaigns.

The balloting was heavy and it is probable that at least 15 new deputies will be added to the Reichstag, increasing the membership to 475.

Up to 6 o'clock this morning, returns from 22 of the 35 electoral districts showed election of 244 candidates, including 58 socialist democrats, 23 communists, 12 democrats, 39 centrists, 55 German people's party, 42 nationalists and 12 Bavarian people's party. The remainder were distributed among the various other parties.

JOHN McFADDEN, MISS FRANK RILEY, GEORGE AND MARION McMAHON.

## PREMIER McDONALD AGAIN UNDER FIRE

LONDON, May 5.—The raid by the German police today on the headquarters of the Russian trade mission in Berlin has aroused the English opponents of the labor government's policy for establishment of full relations with Russia to renewed criticism of Premier MacDonald for having instituted the Anglo-Russian conference which is holding sessions at the Foreign office here. Nevertheless the sub-committees of the conference met again today and, according to British officials, the severe shakeup which Russo-German relations have received as the result of the Berlin incident will not affect the British efforts to reach an agreement with Moscow.

## FAVOR ACCEPTANCE OF FORD'S OFFER

WASHINGTON, May 5.—Arguments favoring acceptance of Henry Ford's bid for Muscle Shoals were made today by W. G. ## SEEK INDEPENDENCE DEFICIENCIES IN NAVY

Philippine Independent Mission Lays Its Case Before House Committee

WASHINGTON, May 5.—The Philippine independent mission laid its case today before the house insular affairs committee. Manuel Quezon, president of the Philippine senate and head of the mission, told the committee that the Philippines felt they were entitled to "the confidence of the world." He said that this congress will not act on this question. From our point of view, a solemn covenant exists between the United States and the Philippines wherein the islands were promised independence as soon as a stable government was established. We must have a stable government and feel that it is time for the United States to make good on its part of the agreement.

Quezon said the mission did not wish to insist on the enactment of any particular measure, but expressed preference for a resolution along the lines of the one introduced by Representative Atkinson, Missouri, which would give immediate independence.

WASHINGTON, May 5.—The untiring efforts of Americans with British, Australians and other Methodists in the cause of world peace, was urged at the Methodist Episcopal general conference here today by W. B. McCutcheon, treasurer of Queens college, Melbourne, Australia.

"Can't we get together?" he asked. "Will you people take the lead? Send out a radio to Great Britain and Australia and you'll find we're listening. You lead and we'll follow. Let's forget our ancient grudges and see if in united brotherhood we can't do something to meet the needs of the world today."

A resolution praying the address of the Methodist conference to be "Broad, comprehensive, fearless, illuminating and inspiring" was passed by the congress. Speakers described the address as "truly statesmanlike and of an original character."

WASHINGTON, May 5.—Americans residing abroad were held to the supreme court today to be subject to federal income taxes upon incomes entirely derived from sources within another country.

The question reached the court in a case brought from Maryland by George W. Cook, an American, who for many years has resided in Mexico. He contended that this government could not compel him to pay taxes on income from property located outside the United States, but the federal district court for Maryland, took a contrary view.

## New Youth

For women—new beauty for girls  
By Edna Wallace Hopper

I found it, ladies, many years ago, the answer to my beauty and to youth. I was a plain girl, and my mother was the queen of New York. I was a plain girl, and my mother was the queen of New York. I was a plain girl, and my mother was the queen of New York.

My White Youth Clay  
This is a white, creamy, impalpable and delightful to use. It is perfect for the face, neck and décolleté.

My Youth Cream  
My old cream was perfected by French experts. I call it my Youth Cream. It contains products of both lemon and strawberries. Also all the best that science knows to foster the fine texture of the skin.

My Hair Youth  
This is another French creation. It is called all that one hair health and growth. My hair is my greatest treasure. I have had falling hair or dandruff, never a touch of gray.

All druggists and toilet counters now supply these very helpful lines. They offer each under guarantee, twice all price and women to learn how much they mean. No other method that I know can bring so much added beauty or continued youth. Edna Wallace Hopper, 556 Lake Street, Chicago—Adv.

## EXCELLENT CONCERT IN ST. LOUIS' PARISH

A most interesting and varied concert was given last evening in St. Louis' parish hall in Beaulieu street, under the auspices of and for the benefit of the parish.

The youthful participants, pupils of local teachers, executed their numbers with much credit. Miss Annette Manseau, 9-year-old violinist, and little Miss Gertrude Bergeron, reader, received rounds of applause, and most willingly gave encore numbers.

Miss Manseau, who for two years has been playing before local audiences, was most charming last evening, her interpretations of numerous compositions by well known composers being excellently rendered. She played with ease and charm, and her movements in the third position and double-stopping proved her ability as a most talented young violinist.

Miss Bergeron, whose readings, "When I Grow Older" and "Les Vingt Sours Du Bon Dieu," were most entertaining, the former number being a humorous sketch with a vocal solo.

Dominique Benoit, violinist, and a pupil of Prof. Neuville, entertaining the large gathering with "Petit et Peasant," being accompanied by his sister, Miss Helene Benoit.

Miss Laura Deelle, violinist, a pupil of Prof. P. O. Bergeron, was most pleasing with her renditions. As an encore number, "Love Sends a Little Gift of Roses," with variations, was ably given by the young lady.

William Desceoteaux, female impersonator, sang several numbers, among

which was "Old Pal," the popular semi-classical vocal composition.

The Spindle City Four, Messrs. O. Desceoteaux, Raymond Chandonnet, Henri Traversy and Thomas Conlon, entertained with numerous popular numbers, including "Just a Girl That Men Forget," "Indiana Moon," "Why Don't My Dreams Come True?" and "A Smile Will Go a Long, Long Way."

Francis A. Bourret, delightful to the audience, sang a soprano solo, being accompanied by Miss Rosa Desceoteaux.

### AMUSEMENT NOTES

**STRAND THEATRE**  
A truly great photoplay is "The Hunchback of Notre Dame," being shown the entire week at the Strand. A great cast of stars was engaged in its production and great results were attained, photographically, artistically, dramatically and from an entertaining standpoint. New York and Boston paid record prices to see this offering, and incidentally several attendance records were made. Lon Chaney and many others of note in the film world are engaged in the presentation and their efforts are most commendable.

Alan Dale, noted dramatic critic, had the following to say regarding this production: "This much I'll say and you may flaunt it before my eyes over-moored; a more remarkable, epochal, unforgettable, haunting and obnoxious piece of eccentric, bizarre, cynical character acting that was contributed to 'The Hunchback of Notre Dame' by Lon Chaney I have never seen on either stage or screen. If Victor Hugo could have given him a thousand sensational ideas. Everyone will speak of this 'Quasimodo,' 10th character handled by Chaney. Nobody can overlook him; he is as wild as Notre Dame itself. You get the very marrow of Victor Hugo without the ineffable weariness of fishing for it yourself. The meat is all there, carefully prepared and screen-entirely edible. I am tired of mob scenes, but that one at the close of this picture gives to mob a new significance. Lon Chaney has stamped himself as an artist of the purest ray serene. This bit of work cannot die. It is immortal. Fats Ruth Miller was exquisite in the role of 'Esmeralda.' Ernest Torrence, Newman Keyes, Gully Marshall were all capital. 'The Hunchback' is epoch-making."

Manager Torrence experienced considerable trouble in securing it for local presentation at what may be considered popular prices. In view of the rates asked in the other big cities. On certain nights during its presentation on Broadway, prices ran as high as \$5 per seat. During the local run, the prices will be 25 and 35 cents for the matinees, with reserved seats in the boxes and boxes at 75 cents. At night the prices will be 35 and 50 cents, with reserved seats in the boxes and boxes at 75 cents. The reserved seats are now selling for all performances. Be advised and attend one of the matinee performances if you wish to avoid the crush. This is the first time this popular special has been shown at popular prices.

**MERIDIAN SQUARE**  
Of all the screen adaptations of popular novels, the height of perfection has been reached in the pictureization of "If Winter Comes," at the Meridien Square Theatre the first part of this week.

It is the local premiere of the photoplay and for those who have read A. S. M. Hutchinson's story, the unique and original characters of the novel seem to live and breathe before the eye, exactly as visualized by the mind while reading the book. For those who have not read the book the picture is entirely different and refreshing in its individuality.

Probably the best way to express just how the picture impresses one is that after he has intently viewed what he supposed to have been about six reels of film, he is surprised to learn that the picture is twelve reels in length. And there is not a dull moment in one inch of the 1200 feet of celluloid.

Dainty Marie, with her darling, beauty and symmetry, will be on the same bill, and about comedy are sure to please, Samson & Douglas, a comedy woman and a singing man, make a speedy pair of entertainers, and George Beaudet, Inc., creator of the prince in "The Merry Widow" and Myrtle Vath, will give music and dancing. man. The way in which each one for his services. Sills prefers to be a "free lancer" and does not bind himself to any one company. His work stands and loves her makes an excellent and novel photoplay. The cast "Adam's Rib," "Flaming Youth" and is without any doubt, one of the best, numerous other photoplays stamps him as the foremost screen leading male actor. In "Why Women Re-marry" he has a part worthy of his name.

Just a word concerning Milton Sills, who has the leading role in this picture. Taxis in a role typical of him, a hard test, is replete with thrills and action. "Why Women Re-marry" is the story of four wives, each of whom believes she has married the wrong

Well Known New England Lady Gives Medicine Full Credit for Saving Her Life.

"My case had been given up, as hopeless, so I do not hesitate to give Tanlac credit for saving my life," is the far-reaching statement of Mrs. Isabelle R. Harding, esteemed resident of 22 Lynwood St., Brookville, Mass. "Furthermore," she continued, "Tanlac did not stop at saving my life, for it increased my weight from 97 lbs. to 132 lbs. and left me enjoying the best of health."

"Five years ago, while living in Seattle, Wash., I was taken so ill that no one thought I could live. Complications resulting from stomach trouble brought me down to my bed and I could not even walk two steps. In fact I was so far gone that I thought my end had come and I even went so far as to bid my husband and children good-bye. Nobody will ever know what I went through, for words fail simply cannot describe it."

"One day, after I had been in bed six weeks, my husband brought me a bottle of Tanlac. I finished this bottle, feeling some better, so I got more and kept on improving until I had used 16 bottles and then I was a well and happy woman. My recovery was so miraculous as to astonish those who knew how bad off I was. I am now enjoying the best of health and while I am 69 I really don't feel over 40. ## Mr. Happy-Go-Lucky's Home Garage

### A Vanishing Sight—and Why

MR. Happy-go-lucky's private garage looks like the catch-all attic of the average home. On miscellaneous nails hang miscellaneous articles, an old pump broken beyond repair, a collection of worn-out tires, some old license plates—and a sprinkling of odd wires, nuts, and spark-plug parts. On miscellaneous shelves rest miscellaneous tools, kitchen pans, empty cans, and treasured but useless motor-car odds and ends.

And quite likely, no oil supply at all! Mr. Happy-go-lucky explains: "Oh, my car works all right. I just ask for a quart of oil when I need it."

#### But times are changing

"Give me a quart of oil" is changing into "Give me Mobiloil." More than that, "Give me Mobiloil" is more and more turning into requests for Mobiloil in the 5-gallon cans and 15-, 30-, or 55-gallon steel drums to keep in the home garage.

Motorists have discovered that an ample home supply of Mobiloil is the greatest single factor in securing mo-

toring economy. Every time you back out of your garage you can feel sure you have the correct grade and genuine Mobiloil. Frequent additions of fresh oil keep up the quality and body of the oil in use.

Mobiloil is endorsed by more automobile manufacturers than any other oil. It is asked for by more motorists than any other oil. It is kept in more home garages than any other oil. It is the only one brand of oil obtainable in every country the world over where motor cars are operated.

The correct grade of Gargoyle Mobiloil is the most important single item you can put into your own home garage.

The newspaper declares that the negotiations have progressed with quite unexpected smoothness and steadiness, although slowly. ## First Pictures of Arizona's Tourists' Health Blockade

"They Shall Not Pass!" That was the order that went out from the offices of Governor Hunt of Arizona when the foot and mouth disease was prevalent in parts of California. Hundreds of tourists, easterners returning to their homes after spending the winter in California, were detained by health authorities as they crossed the border. Here is a glimpse of one of the camps. In the circle is a sign posted on the bridge at the state line advising automobilists of the quarantine.

The "delousing" plants, so familiar to the men of the A. E. F., came back into their own during the blockade. Baggage and clothing were thoroughly fumigated while tourists were compelled to bathe with steaming hot water and carbolic soap.

The proposed concert to be given this evening for the benefit of the inmates of the Chestnut street hospital under the auspices of the Broadway Social and Athletic association, Inc., has been indefinitely postponed, as the club intends to devote much time now to the Cunningham benefit performance in the Auditorium next Thursday night. It is probable that the hospital entertainment will take place in about three weeks.

## 8 IN 11 BILL TABLED BY STATE SENATE

Lowell carmen in common with all others throughout the state are keenly disappointed over the news received from Boston today that the eight-hour bill has been tabled until the next session of the legislature. The action came as a complete surprise and carmen denounced the alleged secrecy maintained in the procedure.

The measure was a house bill and a hard fight had been made by the street railwaymen in favor of its adoption. The carmen felt much progress had been made and were expecting to soon hear of its passage. Hence the unfavorable news came as somewhat of a shock.

According to the Boston report, the house chairman, Rep. Richards, on last Friday sent the measure to the senate committee, Sen. Frothingham, chairman. The report further states that the proceeding came late in the afternoon, when many had left the state house. Chairman Frothingham consequently had little difficulty in getting unanimous consent and as a result the bill was laid on the table until next year.

### Corcoran Given 7 to 10 Years

for threatening to accuse Kenneth Merrill of Newton of a serious offense with intent to extort money. Mrs. Reese pleaded guilty at the opening of the trial and Denree was found not guilty. The charges against Corcoran grew out of the investigation by former Attorney General J. Weston Allen, which led to the removal of Nathan A. Tutts as district attorney of Middlesex county in 1921. Mr. Allen named Corcoran as one of an alleged blackmail gang which had extorted money from wealthy men lured into compromising situations.

Corcoran was indicted by a Suffolk county grand jury on blackmail charges in December, 1921, but defaulted when the case was called for trial. He was arrested in New York last July and extradited to this state. His trial, begun in Suffolk county, was discontinued when the presiding judge fell ill. A second trial in that county, begun last January, was declared a mistrial when Harry L. Latham, a Boston lawyer, indicted with Corcoran, pleaded guilty, and testified that the jury had been tampered with. Shortly afterward the Middlesex county grand jury indicted Corcoran and the others.

## LOWELL DRIVING CLUB READY FOR BUSY RACING SEASON

Meeting on May 13 Will Start Ball Rolling for Memorial Day Card—Agricultural Fair Planned for August or September

Lowell Driving Club and Agricultural association members have an important business meeting scheduled for Tuesday evening, May 12. Preliminary plans for the 1921 opener on Memorial day afternoon are to be presented by the track committee and a racing program agreed upon. Entries must be made soon in the various classes.

The driving clubmen are prepared to conduct a full season of racing at Golden Cove. Members eager to have the track in good condition for May 30, went to Golden Cove today to clean up, paint up and smooth over the dirt track that will see a lot of fast racing this summer if present enthusiasm amounts to anything.

The club men are certain to conduct an agricultural fair in August or September. Last year's inaugural show was excellent in every way, although the program was not greatly varied. The display of farm products, which the club members want to specialize on first in conducting a county fair, was far and above the average of New England shows. It is expected that this year's exhibition, with added features and attractions of interest to every county town and outside, will place Lowell on the map as a good place to visit when the fair circuit programs are taken in by the folks at large.

The Memorial day race card will contain four classes—the 216, the 222, 225 and club entries. Purges in order of classes will be \$250, \$150 and \$100.

For the future, in which horses without track records will be eligible, there will be the usual premiums of oats, harnesses and a cup. President Oscar Dowell will preside at the May 13 business meeting. L. E. Wotton is chairman of the 1921 racing committee.

### Behind the Hat

"Little Prince," Tom Braden's wonder with a race record of 2:04 1/2, and a Nutwood Wilkes stallion, in ready for service and in top shape. He will make the season of 1921 at Tyler farms in West Newbury, Vt. "Little Prince" was one of the most consistent race horses ever seen in this part of New England. He is a dark bay black points, 15 hands high and weighs 1200 pounds—a compactly made horse with lots of substance. J. H. C. Tyler has charge of the Braden stallion at West Newbury.

Lewis C. Clark is putting his excellent "Princess Louise," two years old, out to "blast harness" on the Golden Cove track tomorrow. She will be continued in harness (rins) for several weeks before entering any races. Mr. Clark is enthusiastic over "Princess Louise," and has a right to be, for it was "Little Prince's" very first foal.

Oscar Dowell is to practice with the princess and knows the reins if anybody does.

The Clark horse has been carefully tended since birth by the hardware store manager at his farm on Vermont road. Today, the dandy stepper is in fine condition for its first trials on a half mile. The owner has been offered \$400 for the infant, but won't sell at any price.

Mr. Wotton is exhibiting a brand new crop of racing horses at his well fitted stables today, the third to be listed in preparation for the summer New England half mile campaign. The Wotton very latest is Lassie Pointer, by Joe Pointer, a very classy mare of "big breeding," standing 16 hands high and full of vigorous stepping qualities. The color is brown and Lassie is a pacer.

The new one will be entered in the 216 pace at the Golden Cove meeting on May 30. Maxwell, another Wotton horse, is in the 216 class, too. If both are entered, it ought to be a lively set. Mr. Wotton's other good one that is to be seen on many tracks this summer is good old Jack.

Horsemen from all sections of the east will gather at Roadville on Thursday for the semi-annual New England speed sale, conducted under the auspices of McKimney brothers and Chas. M. Lockwood. There are many entries and Lowell horsemen made plans to attend and look 'em over.

President Dowell has been informed that the Rutland fair, where several Lowell horsemen and local jockeys spread themselves to good advantage last year, will have seven \$1000 purses on its late closing class list.

Andy Johnson of Manchester sends word that he has sent John Bodie-wood, 2:14 1/2, who appeared one time at Golden Cove in a malice, to old Ed Sunderland for keeps.

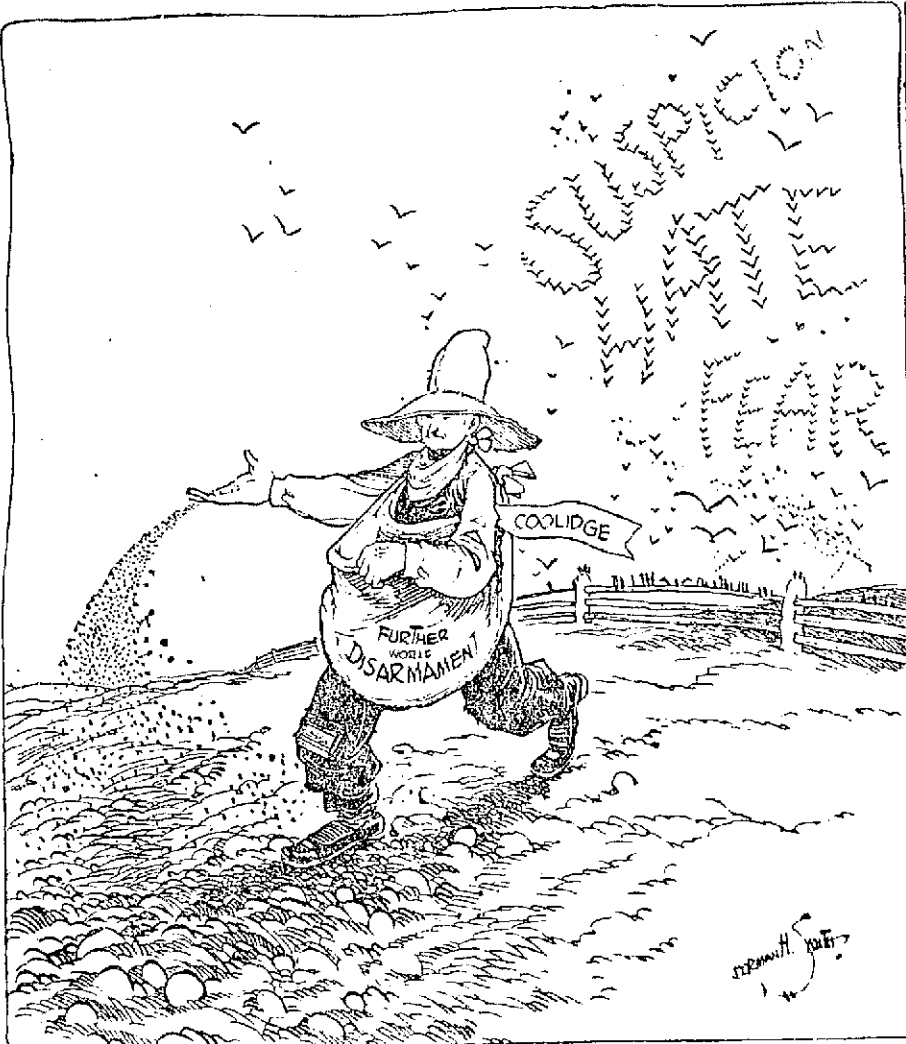

Maine railroads will be liberal with the horsemen touring the Pine Tree state tracks this season. The Maine Central announces that one man will be allowed free transportation with each race horse, stallions will be given the same rate as mares and geldings, and traplines up to 400 pounds are allowed with each horse.

### HOWARD'S BELMONTS WIN

Howard's Belmonts opened their season on the North common yesterday afternoon by defeating the North Ends in an interesting game by the score of 10 to 1. Just before the game opened, Frank Howard walked to the mound and took the ball in hand. Manager Bell of the Belmonts went behind the plate. Frank was in good form and he shot the sphere right over the pan.

With formalities over the players took their positions and the game was on. It was a hard fought battle. Bob Lawless was in mid-season form and he pitched a wonderful game, sending twenty down via the strike route. John Lawlor had his eye on the ball and he contributed two home runs, both of which came at an acceptable time.

## WOMAN'S COMMITTEE FOR POLITICAL ACTION

WASHINGTON, May 5.—An attempt will be made here this week by the woman's committee for political action to formulate a definite plan around which the "progressive" women voters can rally in the coming national elections.

A series of meetings lasting several days will be held, but it was expected by Mrs. Sallie H. Burch of Maryland, acting chairman, that the action on individual candidates was not planned.

The committee expects, however, Mrs. Burch said, that after the national conventions of the republicans and democrats in June, something in the way of endorsement of candidates may come out of the July 4th convention of "progressives" to which the committee will elect delegates from each state.

Mothers know a dose of DR. CALDWELL'S SYRUP PEPSIN Will keep them fit

## 'First Aid' For Sick Children

THE experienced mother is not alarmed when a child becomes sick. She knows that most of the ailments of childhood are trifling. If it seems serious she calls a doctor, but whether or not she calls him she gives, first of all, a good laxative medicine. The doctor would advise that anyway. It is his "first aid." Such experienced mothers as Mrs. Everett E. Hunt of Belmont, Ohio, who has three children, and never any sickness, and Mrs. F. B. Kuklenko of Prosser, Wash., always give Dr. Caldwell's Syrup Pepsin at the first indication of sickness. Such timely doses have saved them much worry.

trouble: salts, which concentrate the blood and dry up the system. They consider Dr. Caldwell's Syrup Pepsin safe for all ages as they know it is a simple vegetable compound of Egyptian senna with pepsin and agreeable aromatics. The formula is on the package.

## Give Laxative for Colds

Adults should have at least one movement of the bowels every 24 hours, and children two or three. Failure to have it means constipation, then headache, drowsiness, lack of appetite. Give a dose of Dr. Caldwell's Syrup Pepsin at bedtime, and there will be health and good feeling by morning. A dose costs less than a cent, and a bottle can be had at any drug store. Colds and constipation come together, so if you notice coughing or sneezing stop it at once with Syrup Pepsin.

## The Meaning of "Good"

All doctors agree that a thorough cleaning out of the bowels is of first importance for it removes dangerous intestinal poisons. They will also advise a "good laxative," and by "good" they mean one that is effective and yet harmless.

They know that there are poisons that never should be given to children—calomel, which is mercury and loosens the teeth; phenolphthalein, a coal-tar drug that causes skin
